Gulf Coast State College is all about **unmanned vehicles**, whether in the air, on the ground, on the water, or under the surface. Join us for a series of FREE workshops & seminars taught by industry experts. Workshops are free, but spaces are limited. Go online to uvs@gulfcoast.edu for upcoming sessions & sign up for email notifications when new classes & speakers are added.

Debi Jordan Music:

It's busy season. Please remember to check out my shows at Fathom's Steam Room most Saturday afternoons 3-5 pm. I'm enjoying being the voice for The Carrabelle Area Chamber Minute on Oyster Radio, and hope everyone is enjoying listening! The segments run around 8:21 am daily. You can also hear my original music on Oyster Radio's 100.5 FM Beach Blast program which airs 5-6:30 daily. If you would like my voice to represent you on the radio or at any other entertainment venue, please don't hesitate to call me at (850) 274-1549. Thanks, Carrabelle for all your love and support! For up-to-date information on my scheduled performances, check me out on Facebook: Debi Jordan Music (and don't forget to "like" my page!)

A Note from Denise Butler with the Butler Agency. The time to review your insurance policies is not while you are watching the weather channel as a storm enters the Gulf. You should understand what coverages you have and you should have your inventory list made and pictures stored away from your home or business. Do you understand what is covered under loss of use on your home or loss of use on a piece of rental property? Do you know if your contents are at actual cash value or replacement cost? Do you know what your deductibles are?

If you have the opportunity to talk to someone who has been through a serious storm event, you will understand first, how very fortunate we have been in our little corner of the world and secondly, how important it is to have the proper coverages in place. Sometimes a small reduction in premium results in a bigger loss at claim time. Does your agent take time to answer your questions? Who do you depend upon for insurance information or advice? Do you have your agents' number stored on your cell phone or the number of the companies who insure your home or business? Nobody wants to see Jim Cantore come to town but if he does, will you be ready? We will be glad to answer your questions. Call or drop by anytime: (850)670-1200 135 US HWY 98 in Eastpoint
